Explain Everything

Gain access to dynamic, award-winning cloud-based software for lesson creation and delivery, making it easier than ever to engage students and add excitement into every lesson.

ActivInspire

Simplify the design and sharing of content with our award-winning desktop collaboration and teaching software.

Promethean is committed to accessibility and sustainability

Promethean offers a variety of assistive technologies, helping to create accessible classrooms that play an essential role for schools in adhering to national policies on accessibility and discrimination. At Promethean, we believe everyone deserves a chance to succeed in the classroom, regardless of background, income, or ability.

Promethean is committed to creating impactful environmental and sustainability initiatives that make a real difference for our world. We have begun the process of decarbonizing our business and are excited about our journey toward net zero.
