

ViewSonic® CDE31 Digital Displays

PURPOSE-BUILT FOR ANY COMMERCIAL SPACE

Vivid Images for Collaboration and Signage

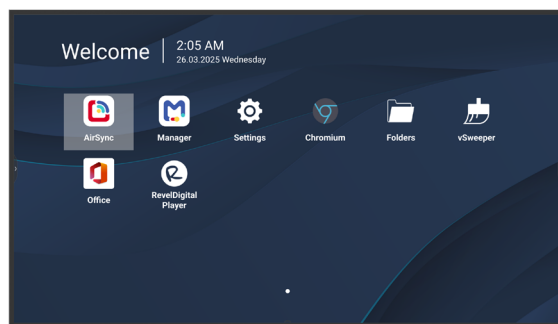

Whether your clients are outfitting dynamic collaboration hubs or deploying high-impact digital signage, the **ViewSonic® CDE31 series of commercial displays delivers the ideal blend of performance, flexibility, and control.** From engaging presentations in classrooms and conference rooms to captivating guest experiences in lobbies, restaurants, and retail spaces, these displays are purpose-built to impress.

The CDE31 Series supports top CMS platforms like Navori, AppSpace, and Revel Digital, making it simple to keep your messaging consistent across all locations.

Seamless integration with leading AV control systems including Crestron*, Extron, AMX, Q-SYS, and Cisco, makes the CDE31 series a reliable, scalable solution for any commercial setup.

Portrait Mode

Landscape Mode

4K UHD CLARITY

Deliver sharp text, vivid graphics, and lifelike video in landscape or portrait mode.

STARTS UP FASTER

Enjoy near-instant content delivery with a faster boot up time.

BUILT-IN PERFORMANCE

Run apps and signage locally—no lag, no external media player needed.

ONE-CABLE USB-C

Power, video, and data through a single 65W cable to cut clutter and simplify setup.

500-NIT BRIGHTNESS

Ensure visibility in bright rooms, lobbies, or retail environments.

24/7 OPERATION

Commercial-grade design built for continuous, around-the-clock use.

FLEXIBLE ORIENTATION

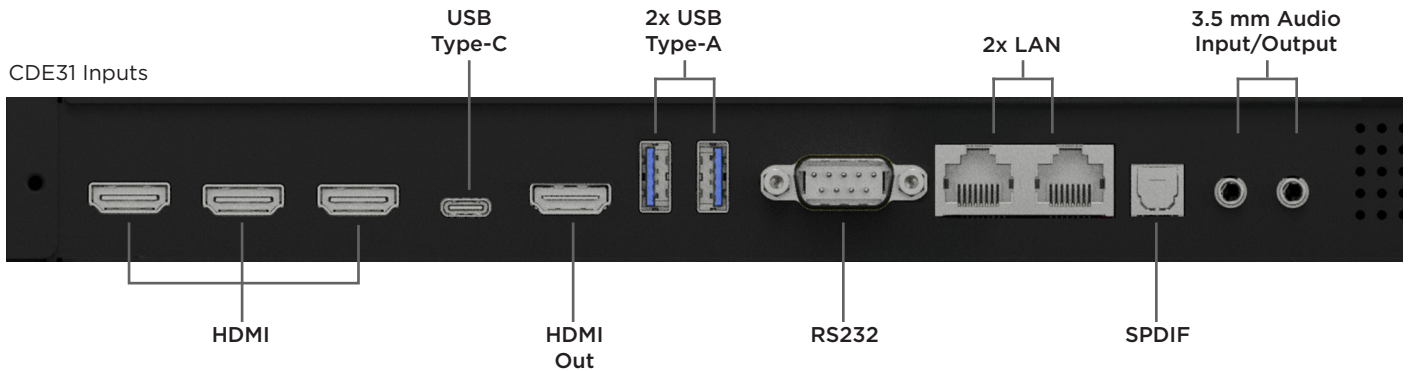

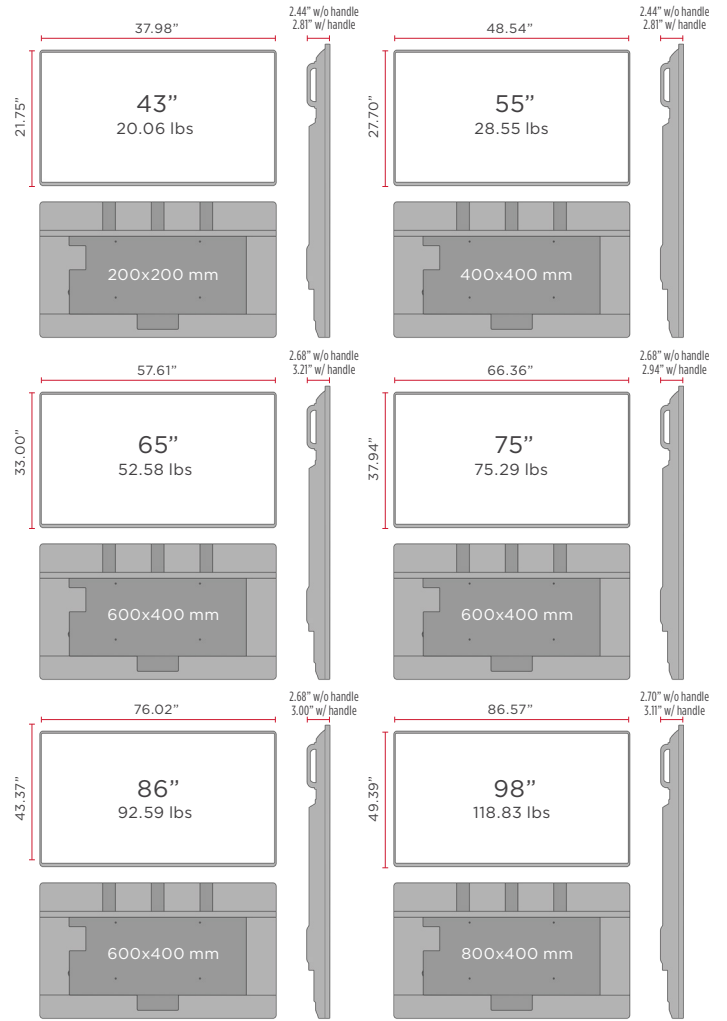

Mount in portrait or landscape without sacrificing image quality.

ViewSonic®

Bring crystal clear communication to your corporate collaboration space with the CDE31 series of digital displays. Enjoy features including rapid startup performance, built-in 4K playback and a secure Android platform.
